

Beach Ceremony

"Once in a while, right in the middle of an ordinary life, love gives you a fairytale... and a fairytale deserves a magic place to begin."

Pearl Beach club is the most beautiful venue located in Punta Cana, true Caribbean paradise. A perfect combination of tropical feeling and modern exclusive facilities. Our stunning beach is totally private, so you can celebrate your wedding intimately with those you love the most.

Accommodation

Pearl Beach Club is located right next to Catalonia Bavaro Resort and a short drive away from Catalonia La Romana. At both of our accommodations, you have the opportunity to stay at the Royal adults-only rooms or at the family hotels.

You and your guests will be amazed by their beautiful scenery, exclusive suites, innovative restaurants and excellent service.

Choosing to stay at Catalonia you will have everything you need on this special day just a walk away, because we know your time and comfort are the most important.
